

Manage and market your Models.. **Ezy!**

What is AgencyEzy?

An Australian designed Software product providing Modeling Agencies with an information, marketing, function, communication and accounting system in one programme.

What does it do for your Modeling Agency?

- You can send **SMS** directly from the system to anyone in the Database
- **Check availabilities, confirm bookings, send checklist** to Models and Clients etc.
- **Track Bookings** with **Daily, Monthly, Weekly** views. Bookings are **color coded** depending on their status.
- Provides comprehensive **Call tracking Management** from which **Full color promotion** can be sent via Email.
- Provides a Built in **Promotion Cataloging system** for storing Models, Bios, Photos, details etc.
- Dynamically creates **Model composites** for promoting Models. (See below)
- Send **Invoices, Booking Confirmations, Contracts, checklists** via email and have them signed automatically. •
- Attaches Annexures and special requirements to contracts automatically.
- Create full color **Model rosters** and marketing PDF's for **easy promotion** via email.
- Full Accounting package built in which tracks **GST, Model Commissions, Deposits, Invoices, BAS** etc.
- Create Quarterly, Monthly or Weekly booking reports.. Outstanding Commissions, GST Reports etc..
- Up to 250 users can use the software simultaneously via the network.
- Provides multiple levels of security which means critical information can be "Off limits" to certain users.

Why do you need it?

Current systems provide little potential for upgrading to new technology and are lacking in the following areas...

- Limited in flexibility
- Information is not easily shared
- No documentation or contact logs
- Not integrated into email or other systems
- Need separate programs to complete all tasks required.

Our software will **streamline** your business allowing you time to grow the business and **work on it.. Not in it...**

Manage and market your Models.. Ezy!

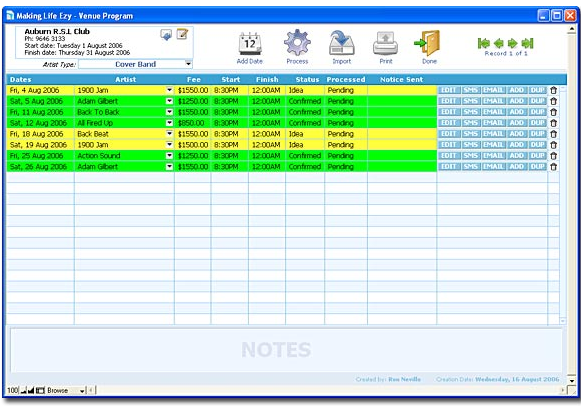

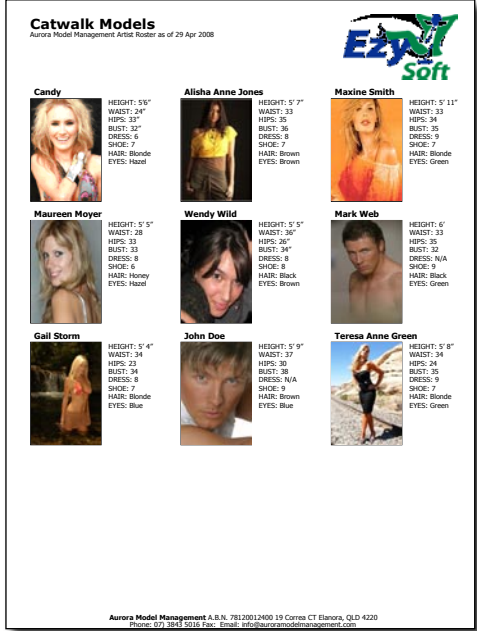

Daily, Weekly & Monthly views

Bookings are colour coded depending on their status e.g. Confirmed, No Contract, Deposit Due, On hold... Bookings can also be filtered to see a specific client, venue or Model's bookings for that month. Just click on a Booking to open the comprehensive Booking screen which includes Publicity Management, Booking financials, revenue projections etc. Once the booking details are entered, click to send contracts, booking confirmations and event checklist's via email. Signatures can be stored enabling you to **send signed contracts via email.**

Model Catalogues

Create full color Model catalogues to promote your roster to potential clients!

With this software, its as easy as clicking New Catalogue, click and select your Models and click "Save as PDF." You end up with a fully branded, colour PDF (Portable document format) that can be printed or emailed to clients.

Create Model Programmes

Create a new program, select a Client or Venue, add a date range, tick the days which models are required to be booked and press "Create!". Add Models as ideas or put Models on hold. Once the program is confirmed, press process. And the Bookings are then created in the system.
